

# Thunder Bay Community Tennis Centre Stage 2 COVID Protocols

## **TBCTC PLAYING PROTOCOLS DURING PHASE 2 of RE-OPENING:**

The following Phase 2 protocols are based on the OTA's recommendations, provincial orders and TB District Health Unit protocols. These protocols build on the great work we have all done to keep our community safe while getting back to some normalcy playing the sport we all love.

1. Singles play will be allowed with Phase 1 protocols.
2. Regular Doubles will now be allowed for players from different households with the following restrictions:
  - Players must stay a minimum of 2 metres away from others at any time. **Please see OTA document "How to play doubles safely during COVID-19"**
3. All courts (singles and doubles) must continue to be booked in advance following the Booking Policy.
4. Limit sharing of balls while on court and more importantly, players should make liberal use of hand sanitizer before, during and after play.  
\*\*\*it is recommended that each person have their own uniquely marked tennis balls that they will serve with.
5. Group Lessons will now be available with a maximum of 4 participants and proper social distancing protocols must be followed.
6. Water filling station will now be available to use.
7. Members will continue to be able to use the washrooms but otherwise the club house is off limits.

\*\*\*Unless noted/changed all Phase 1 protocols should still be followed

**SOCIAL/PHYSICAL DISTANCING (2m) must be practiced at all time!**
